One of the best ways to improve as a player is to improve your shot. Recent issues of a variety of basketball publications have featured articles on the declining percentages of perimeter shooters at every level of play. JAM participants will receive group and individual instruction from DAVE HOPLA, who is considered by many to be the World's best shooting clinician.

Dave will speak on, and demonstrate, drills and techniques to improve shooting percentages. Campers will have the opportunity to work at the same drills and get extra help directly from Dave on open courts and during specified times.

The DAVE HOPLA Shooting Clinics are among the top events of their kind in the nation. Dave has established himself as the Country's most sought after shooting coach. Last year alone, Dave was the featured speaker at over 140 camps and clinics. He is a shooting guru for players at every level. Some of the NBA players Dave has worked with are **Raymond Felton, Derek Fisher, Kobe Bryant, Chris Bosh, Channing Fry, Dirk Nowitzky, Akeem Warrick, Ray Allen, and Keith Van Horn**. He has also worked with current college players and outstanding prep scorers from all over the nation. Dave, at Cherry Creek in July.

“I'm more impressed with Dave's overall knowledge about the game of basketball than his shooting ability. That's really saying something since he makes 98% of his shots.”

- Rick Majerus, Former Head Coach-University of Utah, presently ESPN Basketball Analyst

“Dave is the best shooter on the planet, probably in the universe. He's an even better teacher.”

- Jamey Dixon, University of Pittsburgh

“Dave relates well to the players and they respect him because not only does he make every shot, he talks in terminology that they understand.”

- Jim Calhoun, Head Coach, University of Connecticut

“I never miss an opportunity to work with Dave. He's the best in the business.”

- Chris Bosh, Miami Heat

Attendance in the Dave Hopla Shooting Clinic last year was enormous. The clinic will run May 28 & 29 at Cherry Creek High School.

For those who are skeptical, we thought that his friends might be able to put in a good word for him:

“Outstanding! Our campers and coaches were talking about Dave for days. The highlight of our camp. He's the best I've ever seen.”

- Ben Howland, Head Coach, UCLA

“Dave is the best on the planet. If you are a player, you must get to the gym and take advantage of his teaching techniques.”

- Randy Bennett, University of St. Mary's

“Dave is unbelievable, he breaks down the mechanics of the shot so any player can become a great shooter. The key is they must be willing to put in the time”

- John Welch, Ass't Coach Denver Nuggets

“Dave has not only helped my shooting but he improved my overall game. He has given me confidence in all phases of my game.”

- Ray Allen, Boston Celtics
